Top Skills

Next.js

Tailwind CSS

React.js

Certifications

CS50x: Introduction to Computer Science

CS50P: Introduction to Programming with Python

Sabbir Sameer

Building Scalable Web Apps | Full-Stack Developer | React • Next.js • Python • SQL | CSE Undergraduate

Sylhet, Sylhet, Bangladesh

Summary

I am a Computer Science & Engineering undergraduate at Leading University with a strong interest in modern web development and software engineering fundamentals. I focus on building responsive web applications with modern frontend frameworks while maintaining structured software design habits. • Frontend Web Development: React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3 • Databases: SQLite, MongoDB • Core Languages & CS: C, C++, Python (Data Structures, Algorithms, CLI applications, scripting) & • Completed Harvard's CS50P and CS50X, developing foundational projects as part of the coursework.• Built modern web interfaces and practical frontend projects using Next.js, React, and Tailwind CSS.• Background in visual design and digital media, bringing strong attention to layout, typography, and clean UI presentation to web development. & • Deepening knowledge in full-stack architecture, backend systems, and API design.• Seeking internship, open-source, or junior project opportunities to collaborate and build impactful software solutions.' • Email: sabbiralsameer6293@gmail.com• GitHub: https://github.com/Samz6293
